

**SPANISH IMMERSION**  
**LIL' KICKERS CLASSES**  
— VENGA A JUGAR! —

## Lil' Kickers en Español!

Want to introduce your child to the Spanish language or continue improving your child's Spanish vocabulary? We've heard your requests and are now offering Lil' Kickers classes in Spanish!

Spanish is easy, fun and exciting for children to learn. They naturally acquire language skills within their first eight years, learning primarily through imitation, repetition, games and songs. After approximately eight years, the mind and body of a child shifts and learning a new language becomes more of an academic endeavor than a natural process. So get your child started early with Spanish--in a fun and active class! Venga a jugar!
